Experienced Machinist / Journey Person - Full Job Description

Jaco Manufacturing Company is growing and looking for a candidate to fill a **First shift** tool room position.

The tool room is responsible for building, repairing and maintaining injection molds. Other duties include general machining of mold components, gigs / fixtures and general machining needs to support all aspects of the operation. The tool room is a clean, organized and climate controlled environment. The tool room is staffed 24 hours a day, 5 days a week.

The ideal candidate will have a Journey Person Certificate or have a strong general tooling /machining back ground along with their own machinist hand tools. Other qualifications we are looking for in this candidate are as follows: drug-free, willing to learn, positive attitude, great attendance, reliable transportation, attention to detail, strong math skills, and willing to excel in a rewarding career.

Jaco offers a friendly and safe work atmosphere as well as paid vacations, competitive pay, annual performance evaluations, attendance bonus, health, life, dental benefits, plus a 401K plan with matching for retirement savings. If you are interested in applying or learning more about what Jaco has to offer please send a resume or apply to this ad.

Pay is based on experience.
